

The Super Sky Cycle

“A Flying Motorcycle”

US Patent No. 6,978,969 was issued on Dec. 27, 2005 on this Fly-Drive Vehicle. The SSC is a Road-able Rotorcraft that fits in your garage, drives down the road as a three wheeled motorcycle, and flies through the air as a gyroplane. This patented design lets you turn off the propeller, fold the rotor over the top, and keep your “Flying Motorcycle” at home.

Dimensions:

Height 7’ 4” or 6’ 11” (lowers down for garage)
 Length: 14’ 8”, Width: 84”.

*The G-Force Landing Gear & Metro Launch System pre rotator is included.

100 hp & 115 hp turbocharged models available.

*Rotax 912ULS SSCycle Kit Price:.....\$45,995.00

*Rotax 115 hp turbo SSCycle kit:.....\$56,995.00
